

Super Strip-P

PRODUCT TECHNICAL DATA SHEET

Super Strip-P

Super Strip-P

Super Strip-P

Super Strip-P

USAGE:

Murakami Super Strip P is an excellent emulsion remover for all types of pure photopolymer, dual cure, and diazo based direct emulsions and capillary films. Super Strip-P is a powder concentrate that can be made full strength for maximum dissolving power or diluted for economy. Super Strip-P is packaged in 1 lb. (453 gram) containers.

ADVANTAGES:

1. Concentrated: Dilute 2-3 oz (50 grams) of Super Strip with 1 gallon of water.
2. Safe for use with emulsions and capillary film systems.
3. High load capacity to reduce usage and costs.
4. Mixes easily with tap water.
5. Low VOC, non hazardous, biodegradable, drain safe. (Always check with local waste authorities before use.)

APPLICATION:

Step 1

Remove all ink from screen, flush screen with water.

Step 2

Spray or wipe Super Strip P onto both sides of the screen. Allow 30 - 60 seconds to allow time for chemistry to soften emulsion.

Step 3

Remove emulsion with high pressure fan spray, rinse thoroughly prior to degreasing mesh.
